Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

In response to the Notice to Comply mailed November 20, 2008 the applicants submitted an initial paper copy of the "Sequence Listing" and an amendment specifically directing its entry into the application. Additionally the applicants stated on the record that the submission also included a sequence listing in a computer readable form on a disk. Here it is noted for the record that the CRF does not appear to have been received or if it has been received it has been inadvertently misplaced. Applicants are requested to please submit a substitute CRF. Applicants are additionally requested to provide appropriate statements stating that the content of the paper and computer readable copies are the same, and where applicable, include no new matter.
